## Employer feedback analysis:

The feedback given by the stakeholders were analysed and suitable action taken if required, so as to satisfy the expectations of students, parents and employers. We received **positive feedback from majority** of the employers. This further helped us to improvise our curriculum as per the expectations of the stakeholders. **87%** of the employers **agreed** that curriculum taught to the employee was relevant for employability. **91.3%** **agreed** that curriculum was effective in developing thinking. **62.5%** employers **agreed** that syllabus was effective in developing skill oriented human resource. **87%** employers **agreed** that curriculum was helpful in development of team work mentality. **73.9%** employer **agreed** that current syllabus is need based. **69.6%** employers **agreed** that syllabus is entrepreneurship oriented. **82.6%** employers **agreed** that the current curriculum is effective in incorporating communication skills. All the feedbacks received were communicated to the respective HOD's for further improvements if required. We look forward for more positive and active feedbacks from the employers in order to make our curriculum more effective and job oriented.

## Action Taken Report

Following action was taken according to the feedback received from the employers:

- For the development of skills in the students, college organised skill development seminar/workshop.
- Many employers gave the feedback that curriculum was not need based, since we don't have the authority to change the syllabus , so we gave the suggestion to the concerned professors of the university during inspection.
- Many employers gave the feedback that curriculum was not entrepreneurship oriented, so we sent our students to attend the entrepreneurship summit organised by NIT raipur.
