GAU SEWA ACTIVITIES/ PROGRAME/ EVENT SESSION -2023-24

Herbal Garden as a Best Practice

Proposed Gau Seva Program Proposed Roti Collection And Serving to Cows Program

Introduction:

As a part of our college's commitment to social responsibility and community service, we planed in the next session i.e. 24-25 to organize to Gau Seva Program. In this proposed program collections of rotis from students and faculties members and distribute them to cows at any GauShala.

Proposed Objectives:

1. To promote social responsibilities and community service among student and faculty.
2. To support the welfare of cows.
3. To foster sense of compassion empathy among participate.

Program Detail:

The program will be announce through a notice, inviting students and faculties members to contribute fully cooked roti.

Collection and Serving at GauShala:

On a particular day of next session two collection boxes will be setup a the college entrance, where participant will drop off their contribution. The rotis were then transported to GauShala, where a team of student and faculty members will distribute.

Expected Participation:

This is Voluntary program even though we expect more than hundred student and all the faculty members.

Expected Collection of Rotis to Serve to Cows:

More than thousand rotis

PROPOSED HERBAL GARDEN AND GREEN INITIATIVE PROGRAM

Introduction:

As per National Education Policy our college will incorporate environment studies as a compulsory paper in the graduation degree. Apart from examination pattern we will conduct and assignment in the next session i.e. 2024-25.

In line with this requirement our college commitment to sustainability, we are integrating this assignment with our adopted best practice herbal garden and green initiative.

Proposed Assignment Detail:

Graduation level student will require to participate. Other student can participate Voluntary.

Student must bring one herbal plant in a non plastic container in the college and submit a return short description of it, mentioning :

Name of plant

Student's Name.....

Class and Section

Objectives:

1. Foster environment awareness and responsibility.
2. Promote the importance of medicinal plants.
3. Encourage sustainable practice.
